

Dear 6<sup>th</sup> grade parent,

Congratulations! Your child has been selected to play **trombone** this year. We are thrilled that he/she will be in our program, and we are looking forward to working with your child for years to come.

We took many things into consideration when selecting your child for this instrument. First, we asked each child to select the top three instruments that they would enjoy playing. Then, we asked the student to try out on the instruments to see which would suit them the best. Many times, we are able to tell if the child has a chance of success on this instrument by our simple tryout. Also, we looked at the instrumentation of our band to make it balanced. For example, a concert band with 35 saxophones and 3 trombones would NOT sound good. In the case of the most competitive instruments, we simply chose the students who had the best tryouts.

We encourage you to begin comparing prices with different music companies for different beginner/intermediate trombones. Just like any major purchase, it is important that you know what to buy. Some trombone brands are excellent for beginners, but some are terrible. If you buy your child a bad instrument, they could develop some wrong habits on an instrument that is difficult to correct. Additionally, these instruments chronically need repair with parts that are unavailable or are very expensive. In general, you will get what you pay for.

We recommend **Yamaha, Bach, and King** trombones. You can buy or rent these instruments at any music store (Palen Music, Tulsa Band, Saied Music, and Green Country Music are some in the Tulsa area). In our opinion, you should not purchase an instrument from a retail store such as Sam's Club or Costco, as these instruments are cheaply made and will cause problems in the future. If you choose to look to other areas for an instrument (e-bay, online purchase, etc) please let us know, and we will be happy to look at the website to make sure that you are getting a good brand at a good deal. Also, if you have a trombone at home, please have your child bring the instrument to us, and we will be happy to look it over for you.

**Palen Music Center will be at the East Intermediate Band Room on Tuesday, August 23, from 7:30-9:00 PM to rent/sell brass instruments.** This is NOT a required meeting. Palen Music essentially brings their store to the school for your convenience. You may rent or purchase an instrument from them at that time if you choose to do so. Band books and other supplies will also be available.

**Other supplies needed for band:**

Found at music store:

*Essential Elements - Book One for Trombone*

*Bach 6 ½ AL Mouthpiece*

*Slide-o-mix*

*Slide Grease*

*Small spray bottle (to be filled with water)*

*Trombone Cleaning Kit*

*3 ring binder (1 inch)*

*Page protectors (25 pack)*

*Pencil*

We STRONGLY urge you to NOT allow your child to play before they receive our instruction. It is easy to establish poor habits at the onset, and it is very difficult to correct them afterward.

Please email me if you have any questions. I am always willing to help.

Sincerely,

Ryan Gartner and Mark Stevenson
